

## Wedding/Event Planning Options

**SMALL PRIVATE EVENTS | \$1200** - Baby Showers, Birthday Parties, Bridal Showers, Private Dinner Parties

**EVENT MANAGEMENT/ DAY OF COORDINATION | \$1300** - Day of Coordination package begins one month before the wedding. This package begins with a meeting at the venue to gain a full understanding of the wedding location and details for the big day. After this meeting, the bride and groom will work with House of Redd's Event Design Atelier to develop a wedding day timeline and itinerary. This will involve the organization of the ceremony events, the logistical details of the vendors and the important reception events. The coordinator will attend the rehearsal and coordinate your wedding party to ensure a smooth wedding day.

**DESIGN ONLY | \$1900** - This package is perfect for clients who already have their venue and need a professional event designer to create their vision. Based on a design consultation and inspiration, we will develop a design which fits your individual style/vision and budget. Our custom design will be executed through meetings and contracts with the vendors required to execute your dream day, these vendors include, but are not limited to the following: florist, rentals, linens, cake, invitations, wedding day paper suite, lighting.

**FULL-SERVICE PLANNING & DESIGN | \$2700** - With our hands wrapped around every logistical detail of your wedding, from finding the perfect venue, assisting you in budget allocation to designing a gorgeous event, you can rest assured that your special day will be perfect. You will likely consider us to be your vendor curator, budget supervisor, fee negotiator, etiquette adviser, stationery proofreader, cake tasting attendant (our favorite!), personal stylist, and a listening ear. As your wedding advisor (right hand) we will guide you through the entire planning process and oversee the wedding day from start to finish, so you and your guests can party like a Rock Star.
